TOPEKA FAIR BILL.

Only Twenty-Five Thousand Asked—Grounds Gift to State.

Representative J. Will Kelley of Shawnee county introduced the Topeka state fair bill this afternoon appropriating \$25,000 for a state fair in Topeka conditional upon Shawnee county giving the state fair grounds and buildings to the state. The state board of agriculture is to have charge of the fair.

Hutchinson asked for an appropriation of \$100,000.

Representative Davis of Bourbon introduced his bill providing that a fair shall be held in each of twenty-five counties to be selected by the state board of agriculture.

BURGLAR IS DRIVEN OFF.

Entered the House of George Boone and Tried Others.

A burglar working in the vicinity of Sixth avenue and Buchanan street last night succeeded in frightening the residents but so far as the police have learned carried nothing away. The only house he entered was that of George O. Boone, 612 Buchanan street, from which he was frightened and which is supposed to have been the last place visited.

Mrs. Lilla Whitaker, who lives at 414 Buchanan street, opposite the Boone home, reports that a prowler was trying to pry a screen loose on her house between 1 and 2 o'clock but that her dog drove the intruder off. Mrs. Frank Collins, another neighbor, reports that some one made an unsuccessful attempt to enter at a window.

At the Boone home, Police Detectives Volles and Goff discovered tracks beneath a window through which the man is supposed to have entered. Mr. Boone told the police he had heard the burglar downstairs and stood guard at the head of the stairs with a shotgun while his wife aroused neighbors who called the police. The housebreaker jumped from a window before the officers arrived.

Earlier in the evening, Miss Pearl Hughes, sister of Mrs. Boone with whom she lives when working, was awakened by a noise on the street between Seventh and Eighth streets, saw a man jump from the wall behind a tree, who is supposed to have been the same man but who was distinctly enough to afford a description.

STONE PRIMARY BILL.

Provides for Selected National Delegates by this plan.

Robert Stone this afternoon introduced a bill in the house providing for a state wide primary on the third Tuesday of April to select delegates to the national conventions. The first and second choice plan is provided for in the bill.

Sault Ste. Marie, Jan. 30.—A fifty mile gale caused serious damage by ice to docks on both sides of the St. Marys river last night. The ferry which was half buried in an ice flow which swept down without warning from the rapids. The ferry crew and 24 passengers spent the night on the dock and walked ashore over the ice today.

PEPPERRELL'S O. K.

Democratic State Secretary Pleased With Democratic Representatives.

W. H. L. Pepperrell, secretary of the Democratic state central committee returned to his home in Concordia today, after about a week spent in this city attending the sessions of the legislature. His purpose in coming to Topeka was to aid in securing the passage of a bill which will give Concordia a branch of the state normal school. Of course he might deny this as he failed to enroll in the book designated by the secretary as "The Lobbyist Record," but nevertheless he was especially busy boosting this piece of legislation.

Unbecomingly his one hundred percent, simon pure democracy. Pepperrell said: "I'm proud of that bunch we have in the legislature this year, and especially so of the minority in the house and the attitude which they have taken on all pending legislation. If they keep up the good work, and I have no doubt that they will, it will mean much towards the success of Democracy in Kansas two years from now."

"An old gray headed Republican who sat next to me during a debate one day expressed my sentiments exactly when he turned to me and said: 'We've got you licked in numbers just as we have had for years, but I am willing to admit that as far as brains go you have the majority.'"

"The personality and brilliancy of the members of the minority indicate that they were selected by their constituents for their ability rather than for party reasons. Some of the old wheel horses who have honored democracy in the past 'came back' and with them came a number of youngsters whose faces are new in legislative halls but who will make their mark before this session is closed and come back again if they choose to."

"I have had a number of letters already from the Democracy of Kansas and in all of them there are words of praise for the attitude which the minority members of the legislature have maintained. The actions of the minority during this session if the legislature means much to the Democracy of the west and after waiting for a week I feel that the biggest 'O. K.' sign in the west should be hung on them."

Hunt Wins Favorable Report.

Washington, Jan. 30.—The senate committee on judiciary today voted to report favorably the nomination of Judge William H. Hunt of Montana to be an additional United States circuit judge to serve on the commerce court. Senators Nelson, Borah and Clark of Arkansas voted against Judge Hunt.

Battle of Delicacies.

Grave and prodigious questions are raised by the hostile ambitions of New Orleans and San Francisco. How has it come about that these great towns are "basing" their "claims" for the Panama exposition on excellence in cocktails or dipped coffee, or oranges or shrimps? The California folks began it by flooding Washington with domestic wines and fruits, giving them away by the carload. Then New Orleans arose. If it was to be a conflict of delicacies the Crescent city proposed to figure with sazeracs and pralines, oysters and pecans, and the promise of papabottes and beer crabs next summer. There also is a New Orleans gin fizz which is warranted to keep a wolf drowsy while rabbits nip his face, and an "urn" make the rabbit sneeze while bulldozers bristle at him. To this level the contention has "come at it." If San Francisco can not show something to offset pralines and sazeracs cocktails we fear the worst.—New York Sun.
